Damage to Academy Property Policy (2018)

Rationale and Aim

This policy applies to all pupils/students who attend academies within Bedfordshire East Schools Trust (BEST) and should be referred to in the event of any damage to academy property.

Policy

Any pupil/student who causes damage, or is suspected of causing damage, to academy property will be referred to the appropriate pastoral year team (in lower schools this may be the class teacher). The pastoral team will carry out an investigation and using the BEST Behaviour Policy will impose any sanctions deemed appropriate. This will also involve, if appropriate, debt recovery.

Monitoring and Evaluation

The effectiveness of this policy will be regularly monitored by the following staff at each academy:

Samuel Whitbread Academy GTFM Liaison Manager

Implementation and Review

This policy will be circulated to all academy staff and published on the academy websites for parent/carer information. The policy will be reviewed two yearly.
