WHAT DO YOU NEED TO CONSIDER WHEN ORGANISING A SPORTING EVENT? (DISCUSS)

© Kevin Quigley/Daily Mail

YOUR SUMMER TASK...

- You have 50, 9-11 year olds.

You need to create a sports event you can run for these children.

You must consider:

- facilities you will need
- The number of children
- The number of staff you will need to create a safe environment
- How are you going to record the scores
- How are you going to make this inclusive so ALL can participate
- what checks do you need to put in place to reduce injury
- who is going to assess injuries
- where this will take place
- what equipment you will require
- what will your role be on the day
- is there going to be a reward for the winners
- how will you praise the team that came in last place and promote love for sport

Please complete this in detail on a google doc, this should be handed to your triple teacher on the first lesson of the year. This will be used as your framework for your assignments.
