

# SWA Film Studies Year 8 Summer Challenge

*“If you love movies enough, you can make a good one.” –Quentin Tarantino*

Welcome to the Samuel Whitbread Summer Film challenge! The Film and Media department, here at SWA, love nothing more than to discuss and analyse a good film. Your challenge for this Summer is to broaden your film knowledge, by watching some amazing cinematic masterpieces!

How many of the following PG/12A films (slide 2) can you tick off already?

These films can be accessed on a plethora of streaming services, including Amazon Prime, Netflix and Disney +. They are also available on Sky and YouTube, or can be picked up for 50p/£1 at your local CEX.

Some libraries also stock DVDs too- so be sure to check your local library as well. For some films, you could even read the book first, and then compare with the film adaptation!

For an extra challenge; select one of the films you have watched and have a go at writing your own film review. You should utilise emotive and persuasive language to encourage others to watch the film too!

Send your entries to [SWA-Media@bestacademies.org.uk](mailto:SWA-Media@bestacademies.org.uk) to be in with a chance of winning a prize!
